“The Joy of Giving”

This past year has certainly given us some highs and lows. But we must remember that we are here at Yale Ave. Christian Church to provide service to God and our community. For example, our Bread and Jam dinners, like many other of our outreach ministries, provide an essential service to those in our community. One of the greatest joys we have experienced this year has been serving as elders. Knowing that you bring joy by sharing scripture, prayer and communion to someone that is not able to attend church brings such a blessing. We also have the opportunity to express our joy by lifting our voices

to God through our music programs. We are thankful and feel so blessed to have the opportunity to share through contributing financially to the ministries of this church. We join with you to pray for God’s guidance in the next few weeks as we make our pledge for 2008. In the coming weeks we will hear stories of what is being accomplished by members of our church who have participated in activities designed to give something back to God. It is indeed exciting times to be in God’s service!

We have all been given many blessings, and one of the best ways to say “thank you” to God is by sharing time, talents and financial gifts. We pray that you will take this time to think about a fair pledge of your time, talents and financial gifts to the 2008 ministries of Yale Ave. Christian Church. Please remember that making a written pledge is important! It is an example of faith and allows our church to plan our ministries for the coming year.

Please pray for our church, lay leaders and staff during the Stewardship campaign.

Blessings,

Anne & Bill Finger
